ITALIA'S GREAT RACE.

Other Horses at the Grand Circuit Which Come Here.

With the close of the Central League season there is much gossip concerning a change in the circuit next year. It is stated that but three cities in the league made any money-Grand Rapids, the pennant winners; Canton and Wheeling and Springfield are both theartening to throw their franchises on the market, and it is rumored that Canton and Wheeling may be dropped for Wheeling and Lima.

If Lima breaks into the circuit outside parties must finance the team, for no local rooters believe a Central league team could survive here. After the Interstate became shaky, Manager C. H. Chappell was approached concerning a Central league berth: E "Lima could never support a Centrai league team," he said. The saiaries would eat it up. Lima could not support the Interstate with a salary list under \$1,000 a month, while in the Central it runs as high as \$2,500 a

Despite this, many believe in a circuit of other good towns, Lima would do well and more than held her own. The attendance at Interstate league games here was larger daily than that at Evansville, Terre Hante, Wheeling or Springfield."

#### OUR DEMONSTRATION ON THE NEW STYLES OF REDFERN CORSETS

Will open Thursday Morning of this week and continue ten days.

Demonstration will be under the direct supervision of Miss Beck, expert Corsetiere.

#### The Corset Beautiful Makes the Figure Beautiful.

The selection of the proper corset is a matter of considerable difficulty, even to those who are willing to devote time and attention to the matter. It really requires expert corset experience and it is for this reason that we urge you to attend our demonstration of Redfern Corsets.

The commendation and complete satisfaction of all who wear them, convince us that they are unique in the excellence of their design.

Many a woman while not altogether comfortable and satisfied with her figure, thinks she is as well fitted as she can expect to be-until she is fitted to a proper model in Redfern Corsets, and at last knows the difference.

Redfern Corsets are boned throughout with selected Arctic whalebone, and are made of the finest grades of cuitable cloths. In design and appearance they mark the highest achievement of the corsetieres' art and are the recognized standard of corset fashion.

A complete range of sizes and the great variety of models make it possible to obtain the most perfect results in fitting.

Mr. Lear, who is known in Lima, and who has relatives in this city, went to Chicago about one year ago, and while there became insanc and was sent to an asylum. Several months ago he was discharged as cured, but three weeks ago he became despondent, and two weeks ago Sunday, attempted saicide, a revolver being the weapon chosen for selfdestruction.

The revolver was taken away from him, and after receiving a lecture by friends, Lear seemed to settle down

Sunday afternoon the desire to end his life again took possession of him, and in the presence of his wife, her mother, a sister-in-law and a brother ne poured coal oil over himself, explaining as he did so, a trick of legerdemain, after which he lighted a match to his oil-soaked clothing, and in a flash ne was all afiame. Effort was made to quench the fire, but after a few minutes the victim fell to the floor, and in a short time dled in terrible agony.
